That at said time and place, the Plaintiff was lawfully and properly on the premises of the Defendant in answer to the express or implied invitation of the Defendant for the purpose of riding her bicycle on the designated trails, and as such, was an invitee of the Defendant. Plaintiff would further show that while she was present on the Defendants' premises on that date, while exercising due care and caution of her own safety, the Plaintiff sustained an injuries when she rode over a ramp which was permanently erected on the Bethal Bike Trails. Plaintiff would further show that it was the duty of the Defendant to have sufficient personnel and equipment to properly inspect and maintain the premises in a manner and condition reasonably safe for invitees. Further, Plaintiff would show that it was the duty of the Defendant to warn the Plaintiff of the dangerous conditions posed by the unsafe ramp, and to warn Plaintiff that there was such a condition afixed on the biking trails, and that Defendant, by and through its employees, while in the course and scope of their employment, carelessly failed to (1) repair condition, or (2) failed to warn of the condition of the grounds, or (3) failed to remove the dangerous condition, which rendered the recreational biking trails dangerous and unsafe for the use of such individuals, such as the Plaintiff herein.
